About Scott

Scott Thrasher, originally from Northern Kentucky now resides in Las Vegas with his wife Emily and daughter Sarah.

Scott is a creative and dynamic, Storyteller, Actor, Performer and Retreat Facilitator, who offers a blend of humor and insight to audiences of all ages through the power of narrative.

A true “Jack of all Trades” with more than twenty years of experience as a professional Actor, Director, Juggler, Teacher, Camp Director, Recreation Leader, Clown, Artist, Christian Educator, Team Building and Adventure Facilitator.

Coming from a long line of Kentucky tale tellers, yarn spinners and liars, Scott combines his many skills to present folk stories, fables, parables, as well as; stories of faith, community, hope and the transforming power of the Holy Spirit.

Storytelling

- Stories of faith, hope and transformation
- Folklore and Appalachian humor
- String Figures, Origami and Shadow Puppets
- Myths, Fables and Ghost Stories
- Poems, Rhymes and Songs
- Biblical and Historical Stories

Workshops

Developing your “Bag of Tricks”

This workshop is designed for Leader, Facilitators and Counselors. Scott shares his years of experience as a games leader and retreat facilitator. At the end of this intensive workshop you are guaranteed to have learned new tools you can put to immediate use with your groups.

Juggling and Circus Skills

Juggling is a great way to develop hand-eye coordination, relieve stress, and increase confidence. Scott relies on his many years performing as a Juggler/Clown in Las Vegas, NV. Learn traditional toss juggling, balance and stilt walking.

Team Building

Team-Learning Program

Groups work together to accomplish common goals. Participants are challenged with a series of adventure-based activities designed to nurture cooperation, trust, leadership skills, communication and community development.

Portable Challenge Course

A Portable Challenge Course is similar to an obstacle course, but each element requires teamwork and problem solving skills to overcome. Scott can set it up in a park, gymnasium, recreation center or any other large indoor/outdoor location. Program promotes team work, trust, cooperation, risk taking and active listening.

“Bridging the Gap”

“Bridging the Gap” is a program designed to promote teamwork and communication. Each team builds a bridge out of materials which we provide. However, each team is split in half and each team only builds half of the bridge. How well their bridge functions as a whole depends on how well they “bridge the communication gap”. This is a great program for small spaces.

Team Adventure Journeys

Scott can provide outdoor activities like scenic hikes in Red Rock Canyon or Mt. Charleston where he provides stories, outdoors lore and team-building activities throughout the journey. This program works well with youth groups.

*Tell me, and I will forget;
Show me, and I may remember;
Involve me and I will understand...*
